# AJ Touré

## Front-End Developer & Creative

I'm AJ! I create beautiful & responsive environments and interactions.

A common assumption is that tech and nature are opposites.

I think they are mirrors.

### Projects

#### airhead

*A meditation app*

[React](#), [Firebase](#), [HTML5](#), [CSS3](#)

This app prompts the user to time their meditation. Our firebase returns a quote to think on, along with an animated focal point that continues until the time runs out.

#### What Do You No

*An educational quiz*

[React](#), [Firebase](#), [SCSS](#), [HTML5](#), [CSS3](#)

This app gives the user a definition and two homophones, the user has to select the word that matches the definition. It logs the points, the time, and the highest score.
